

Foreign trade

Given the globalization and interaction among countries and regions, **Foreign Trade** specialists of **Salles, Sainz – Grant Thornton, S.C.** are committed to provide integral quality services.

Within our **Foreign Trade** area we work with **Grant Thornton International's** worldwide network in order to offer integral and timely services required to support our clients' international businesses within and outside Mexico.

Consulting, audit and diagnosis on Foreign Trade transactions

In order to detect irregularities, prevent risks due to compliance failures, optimize your operations and leverage tax benefits, we offer our customers consulting, audit, and diagnosis services.

Exports Foster Programs

We work in the design and implementation of strategies related to the following programs:

- ALTEX
- DRAW-BACK
- IMMEX
- ECEX
- PROSEC

Advise on non tariff restrictions

We offer advise on paperwork, requirements and any matters relating to imports subject to non tariff restrictions.

Management of paperwork related to customs authorities

We advise our clients with governmental entities, related to the general importers registry and specific sectors, country of origin certificates, contribution compensations, foreign trade, permits and standards, among others.

Advise on free trade agreements

Our specialists in this area offer a wide range of services related to rules and country certificates of origin, terms on tax reduction related to tariffs, general rules and different provisions.

We also offer our clients:

- Ongoing training and advise on import duties
- Defense and litigation for specific foreign trade and customs matters
